

**AIA**

Southwestern Oregon

# Octagon Luncheon-Learn Educational Seminar

**July 25th, 2017**

“Wood and Wood Alternate Construction”

**CODE**  
UNLIMITED

BUILDING CODE & FIRE CONSULTANTS

## **Course Objectives Include:**

- Gain an overview of the different wood construction types.
- Understand the unique features of Type V, III, HT, and CLT wood construction.
- Understand the fire-retardant treated wood and fire resistance assembly requirements in wood construction.
- Gain an overview of engineered protection methods for wood construction.

**After the conclusion of the presentation, a brief discussion will elaborate on how Code Unlimited products and services can help to resolve many project concerns outlined in the presentation.**

---

**Speaker:** Samir Mokashi, Principal at Code Unlimited

Samir has over 20 years of experience in leading teams through the complex challenge of cutting edge design and rigorous regulatory requirements. A dynamic public speaker, he draws upon his vast and varied experience to communicate confusing code concepts with amazing clarity.
